Willows, CA 95988

[illegible]

With the change in dollar amount, you will need to revise the required Federal standard forms. Before the Federal Government provides funds under grants and cooperative agreements, Federal Regulations require the proposed recipient complete and submit certain prescribed standard forms. These standard forms were included in the PSP under Attachment E and referenced as a proposal requirement on page 41. These forms are also available through the Internet at www.whitehouse.gov/omb/grants. For your convenience, we are enclosing copies of the following three forms:

- Project proponent is responsible for ensuring compliance with all applicable laws and regulations including the National Environmental Policy Act (NEPA), the California Environmental Quality Act (CEQA), and other environmental permitting requirements; and will submit copies of all environmental compliance documents and permits;

Page Two

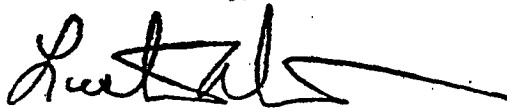

- Project proponent prepares a plan indicating how the public, adjoining property owners and local governments will be informed or be allowed to participate in the project planning and development and permits;
- Project proponent develops a CALFED-approved Project Monitoring and Methods Plan, in order to show progress toward the intended ecological and biological objectives and to provide input to the adaptive management process of the CALFED Program. This plan must be developed before beginning any monitoring;
- Project proponent may be required to make oral presentations at annual review meetings;
- Project proponent submits quarterly progress reports on time and complete;
- Project proponent furnishes proof of the availability of cost sharing funds (if CALFED is funding only a portion of the project); and
- Project proponent submits a final report at the end of the project.

Failure to comply with these grant requirements in a timely and responsive manner may jeopardize funding of your project. USBR, based on recommendation from CALFED, reserves the right to withdraw funding or withhold payment on the Agreement based on failure to comply with disclosed requirements in a timely and responsive manner.

The California Department of Fish and Game's (CDFG) Central Valley Bay-Delta Branch is available to assist you with identification of project requirements, information on processing permit applications or environmental documentation, determination of readiness of applications, and facilitation of resolution to problems related to permits or environmental documentation. For assistance, contact CDFG at (209) 948-7800 or e-mail to: PermitsInfo@delta.dfg.ca.gov.

We are sending these results to you as the main point of contact for this proposal. Please contact the other members of your application team and inform them of the results. We look forward to working with you. If you have any questions, please contact Nan Yoder at U.S. Bureau of Reclamation, (916) 978-5523, fax (916) 978-5528 or Peter Jacobsen at CALFED Bay-Delta Program (916) 653-3790.

Sincerely,

Lester A. Snow
Executive Director
